## Thankfully Using the Blessings God has Provided

We are so grateful for all the tools and resources that God has provided us for the work of His church in Corquín! The church in Santa Rosa hosted a regional ladies' day event on Saturday, the 10<sup>th</sup> of November. Over twenty ladies from the Corquín church drove over in the morning to take part in that special day. We were honored to be asked to serve in different ways. While one of our ladies lead the craft activity, the others assisted. Several were asked to help serve morning refreshments and lunch as well. Everyone was happy to help out in any way they could. It was a wonderful day filled with the encouragement of God's Word and the blessing of fellowship.

As we mentioned in an earlier newsletter, the Snellville Church of Christ raised money so we could buy a large passenger van. This van has proved to be an extremely valuable tool for us. We use it each week on Thursdays and Sundays to pick up people in the areas surrounding Corquín. We used it to travel to Santa Rosa for our ladies day, and we used it for a recent outing. The men's group planned an event to hike to a waterfall in a nearby town. Some of ladies had the fortune of being able to go as well. We squeezed into the van traveled for about an hour and a half. We had such a great time hiking and eating together and are eager to plan the next outing. This would not have been possible to do without the blessing of the van. We expect to be using this tool for many years to come, to the glory of God!

## Growth Continues...

In last month's newsletter we shared the photo of Frank, the young man who gave his life to Christ on the last Sunday of October. He is one of triplets, two brothers and a sister. They are part of a family that lives in Potrerillos, an area in the hills that surround Corquín. Landon Anderson has been studying with this family. On November 1<sup>st</sup>, immediately after our Thursday evening mid-week Bible study, Enoc, Frank's brother was baptized into Christ. As we do not have a baptistry yet, the church walked to our house where Landon baptized him in the outside "pila", a large concrete washing area. Thankfully he was just the right size! Please keep our new Christians in your prayers. And...we are working on the construction of a baptistry to put in the building!

## Thanksgiving in Santa Rosa

This was our first Thanksgiving without having any of our children with us. This was also the first holiday that Kaylee celebrated without family around her. The good news is...we all survived and were able to see the many things God has blessed us with for which we are truly thankful!

Enjoy a few photos from our outing:
